Express generally means 24 hour service, however, this is subject to powder availability and workload. Delays due to issues such as this but supplied before the standard colour run are still considered an EXPRESS order and will be charged accordingly.

Other Colours Up to 7 working days & **Warranty Powders** Up to 10 working days

Please state powder manufacturer as **Interpon** or **Dulux**, Interpon will be the powder used unless stated.

Powderline Coatings endeavour to adhere to the above timetable whenever possible, however, it is approximate. Please bear this in mind when placing orders, in particular if the order is of an urgent nature particularly in the lead up to Christmas.
